July 2021

THE PREZ SEZ

Well let's see it's July, another month has past and a few things have happened. First off we (our club) participated in the Bethany City 4th of July parade, we had a good turn out of 6 cars. Many thanks to the drivers and those who had fun riding waving and showing off the good ole Red White and Blue. The weather was kind to us as the heat wasn't bad for a change, the crowds were large and enjoyed our Corvairs. This year it was hosted by a private group as the city wasn't going to put it on, the volunteers did a good job and hopefully they will do it again next year.

Time is getting us closer to the Roundup in Little Rock, AR it's being held Oct 8th through 10th. The club is using the same hotel they used last time, it's the Wyndham Riverfront Hotel. It's a nice place and has a great area for the car show on the river front. I attended their last Roundup it was very good. I want to encourage all of our members to attend if possible, even if you can't bring a Corvair you can go and make it a weekend getaway while still having Corvair fun.

The following month November 12-14 is the HOT (Heart of Texas) Corvair Meet at the Fredonia Hotel in beautiful Nacogdoches, TX. The HOT is a great event and many of our club members have been attending it for years. They put on a great show and we all have a fun time, this one is shaping up to be better than the last one and it was as I said, great! This also would make a fun weekend getaway even if you didn't take a Corvair with you.

Update of things at Ken's Corvairs and Cows Ranch: His 8 door Greenbrier is still on the lift. We have been pulling our (hair out) LOL (what hair) on this job. We have gone through the Carburetors 3 times, each time fixing small problems but not solving the main one. We have done compression checks, re stabbed the Distributor, set points, swapped Coils and Condenser only to still have a engine that does a little missing and popping through the Carburetors when it warms up. We are now to a point where we believe the valves in the left bank may be adjusted a little too tight, so much so that when the motor warms up it holds a intake valve or two open just a small amount. I will let you know if this solves the problem.

Let's have a great meeting at the Ergenbrights Ranch this Saturday, I think you will be surprised at the activity that has been going on since our last meeting, see you there!

COCA June 24 2021 Meeting Minutes

President David Castiaux started the meeting at 10:00AM. He welcomed the members and there were no guests at this meeting.

Old Business- No minutes were reviewed from the previous month. David reminded all who have yet to pay their yearly dues that they are due and will be \$10.00 for the year and rising back to their normal price of \$15.00 per year as of 1 January 2022.

Treasurer's Report- Ken Drye gave the monthly treasurer's report. Jim Gailey made a motion to accept the report and the motion was seconded by Scott Law. The motion was passed by the membership.

New Business- The Great Plains Roundup is in Little Rock, Arkansas this year. The hotel is now accepting reservations. There still rooms available.

We are registered for the Bethany 4th of July parade. Contact David for more details and to sign up. The parade is on the 3rd of July and we are to be in place no later than 8:30AM the morning of.

The Freedom Fest car show will be held in Yukon on July 3rd. The show starts at 8:00AM.

Jim Gailey has purchased a new Corvair. It is a 1966 sedan that is very well optioned. He has a lot of paperwork to go with it including a price list of all the options on the car.

The Ergenbrights and the Silvers recently made a trip to Keystone Lake. They suggested that as a meet up spot with the Tulsa club sometime in the future. They have very nice amenities and overall, it is a very nice place.

A trip to Rush Springs was discussed there is not much interest in that at the present time. If you are interested contact Jim Gailey.

Jim does plan on going to Marlow this fall after it cools down some. He will provide more details at future meetings.

The club (COLLEEN!!) has been awarded 3rd place for the best monthly newsletter. Congratulations to Colleen.

Tech Tip- A member was having problems with his gas cap, apparently some time ago it had been swapped with a replacement cap.

The newer cap was not vented, and it was creating all kinds of problems with vacuum pressure. Make sure your gas cap is the vented variety to save yourself some headaches. Ann Ergenbright made a motion to adjourn and that was seconded by John Sargent. The motion was passed by the membership.
